

# Review your pension options

When you leave an employer, your pension doesn't disappear.

You typically have four options:

1. Leave it in the old scheme
2. Transfer to your new employer's scheme
3. Move to a PRSA
4. Transfer to a Personal Retirement Bond

Key things to check:

- Charges
- Investment strategy
- Retirement age
- Access rules

For many people, this is their largest asset outside their home— treat it carefully!
